

I would like to file a complaint inreference to the CBA trying to get past the "No-Call" bill. I work third shift, and telemarking calls are an interuption to my sleep. I put my name on the "no-call" list for a reason, I don't want their calls!!! We were nice enough to put our name on a list to have them stop bothering us instead of hanging up on telemarketers when they call. I want my privacy! These companies need to get it in there heads, we asked not to be called, and we should have that right. I also feel that it is a form of harrassment if these compnies would get past the bill and start calling, because I have put information out there that I do not wish to talk to them.
